

PERFECT INSTEAD OF GOOD

**Manufacturer-independent, online
or in classroom and directly at your
ski resort**

The goal of the **PRO ACADEMY** training courses is the successful operation of your ski resort, thanks to perfect slopes, resource-saving work and efficient processes.

With the **PRO ACADEMY** training courses, your employees acquire the relevant know-how.

KÄSSBOHRER GELÄNDEFahrzeug AG

MANUFACTURER-INDEPENDENT DRIVER TRAINING

FOR BEGINNERS

SLOPE PREPARATION FOR BEGINNERS

- **Operation of snow groomers**
 - Driving a snow groomer
 - Working with the blade
 - Using the tiller
- **Preparing a ski slope**
 - Carrying out dosing work
 - Methods for slope preparation

VEHICLE-SPECIFIC BASICS

- **Operating the PistenBully**
 - Joystick functions
 - Functions of the iTerminal
 - Operating the Armrest
