

Kässbohrer Geländefahrzeug AG, Laupheim, Germany

Infection protection measures for customer training

- Participants must travel to Laupheim on their own responsibility.
- Please park in our designated Visitor's Parking spots ("Besucher").
- Company buildings are to be entered wearing a mouth/nose mask.
 - Obligatory registration at our reception.
 - In the waiting area, a distance of at least 1.5 m to any other persons must be maintained.
 - The trainer will come to the reception / waiting area and escort the participants to the training center.
- The number of participants is limited to 6.
- During the entire stay on our premises, the participants are accompanied by the trainer.
- For breakfast and lunch, catering is provided as with our own staff, but rush hours are avoided.
- Disposable gloves as well as hand and surface disinfectants will be constantly available.
- Participants must wear a mouth/nose mask on the company premises.
- During the training, at the designated seat, the protection may be taken off.
- For the practical training, each participant receives a face shield on loan, which must be worn in addition to the mouth/nose protection. In addition, the group is divided in two (3 participants each).
- Throughout the training, the rules of hygiene and a minimum distance of 1.5 to 2 m to other persons must be strictly observed.
- Face shields, doors, benches, chairs, and other contact surfaces are regularly disinfected.
- Factory tours for participants of the customer training will not be conducted during this time.
- Participants cannot visit the Fan-shop. They can select merchandise from the website and get notified for payment and collection from our reception.
